

At the Canucks Rugby Club, we're committed to growing rugby in our community by providing a distinct environment for athletes of all kinds to play fun, safe and competitive rugby and feel included in a welcoming social culture. Using a forward-looking approach, we aim to create a culture of continuous improvement in all segments of our club to recruit, develop and maintain the current and future generations of Canucks.

The club is looking for one or more Athletic Therapists to work with the club to provide care for athletes with the Senior Men's and Senior Women's teams during practices and games.

Duties would include:

First Aid and Emergency Care:

- Handling first aid and athletic injuries as they arise during sports activities.
- Providing on-field and clinical care for musculoskeletal injuries.

Prevention and Rehabilitation:

- Implementing preventive measures to reduce the risk of injuries.
- Supportive technique application to prevent recurrence of injuries.
- Assisting with rehabilitation programs to help athletes recover from injuries.

Emergency Situations:

- Being prepared to respond to emergencies during games or training sessions.

Collaboration:

- Collaborating with physicians and other healthcare professionals to ensure athletes receive appropriate care.

Certification:

- Certification and registration with the Alberta Athletic Therapist's Association (AATA).

The successful candidate(s) would attend practices on Tuesday and Thursday evenings for 1.5 hrs at 418 Park Ave SW Calgary and games on Friday and Saturday evenings for 2.5-6 hrs depending on how many of our teams are playing that day. The game schedule is available upon request.

Compensation will be \$45/hr.

Anyone interested in the position should send their resume to: [vpoperations@canucksrugby.com](mailto:vpoperations@canucksrugby.com)
